## Professional Summary

Motivated and detail-oriented frontend developer in training, currently pursuing a BS/MS in Computer Science at Western Governors University and completing a software engineering bootcamp at NuCamp. Skilled in React.js, HTML, CSS, Tailwind, and JavaScript, with hands-on experience building responsive, user-friendly interfaces. Brings 8+ years of professional experience in leadership and high-pressure roles, offering strong communication, problem-solving, and team collaboration skills. Offers a unique interdisciplinary perspective, drawing on a background in anthropology and medicine, that emphasizes cultural understanding, holistic thinking, and data analysis. Eager to contribute to modern development teams while continuously growing as a full-stack engineer.
